JCC Maccabi - What you need From Your Teens for the Registration Process

In order to participate in JCC Maccabi, all athletes and artists must submit documents and information as they pertain to their age, medical insurance, as well as medical eligibility.

Participants will be asked to scan and upload the following documents during their online registration. It is important that you communicate to your families that these items will be needed to ensure a seamless registration process.

As a reminder, should you wish to do so, these documents can be collected and uploaded to the system by yourself and your local JCC Maccabi team via the back end- the JCC Association team will be hosting webinars to provide you the tools to be able to do so.

Items needed during the online registration process:

- **Headshot** – this can be provided in a JPEG or PNG file and must not exceed 12m MB in size. Remember this is used for security purposes and will be printed on the participants credential, as such it is imperative that the image is clear and only of the individual.
- **Copy of Birth Certificate or Passport** for age Verification – The passport does not need to be valid to be accepted.
- **Art Specialty** (for artists) - Artists must be accepted prior to completing their 2019 JCC Maccabi national registration system.
 - As a reminder, once a teen has been accepted, JCC Association will notify the local delegation head who will, in turn, share the news with the teen and their family.
